Dear Sir/Madam

RE: NATIONAL CATEGORISATION/REGISTRATION OF CONTRACTORS:
APPLICATION TO BE REGISTERED AS A MECHANICAL CONTRACTOR FOR
AIR CONDITIONING AND REFRIGERATION: THERMACOOL P/L

Your letter for registration has been considered and I am pleased to inform you that you have been accepted to as eligible to tender for work up to the limit of category 'A'. This will be valid until 31 December 2013.

Should you wish to appeal against this decision or should you wish to re apply at a later date for placement in higher category, it will be necessary for you to submit to this office further comprehensive evidence fully substantiating that your firm as, at present constituted, has carried out individual works within the value of the category claimed, together with a bank's, or certified Chartered Accountant's statement verifying that you have available current capital to finance works of such magnitude.

The category gazette under the relevant Government Notices is as follows, and represents the value of the largest individual contract which can be undertaken.

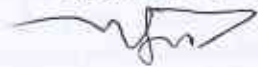

Category A	No ceiling Unlimited
Category B	up to US\$6million
Category C	Up to US\$3million

'To be the centre of excellence in the provision of a well built environment'

Government Tender Notices for building works in Zimbabwe for the Ministry of Public Works are published under the appropriate category and the tender board will only consider the tenders when the category nominated in the advertisement is in accordance with the category under which you have registered. In all cases contractors placed in a higher category are eligible to tender for work in lower categories.

Please acknowledge the receipt of this letter; which is your official registration and should be preserved.

Your registration number is M209
